

RATE CARD

Product Designer for XR, Spatial AI, Mobile & Emerging Interfaces | Spatial Interaction Design | Host #ZeroEvent by XRCrowd | Public Speaker

€500

Hands-On Prototype

I build with your product, push it in real use and show what holds up: concept, build, test, edit

FORMATS: Build-along · Stress test · First-wear verdict · Concept demo

BEST FOR: Hardware brands · Platform SDK & tool makers · Hackathon sponsors

YOU GET: A working build that shows how your product works in real hands, where its limits are in real conditions, shown through a designer's eyes

€300

B2B Industry Analysis

I unpack your company, product launch or conference through a UX lens.

FORMATS: Launch reaction · Company spotlight · Conference review · Comparison · Industry take

BEST FOR: Hardware brands · Platforms · Conferences · Tool makers

YOU GET: A designer's take on your company, launch or event, and what it means for how XR gets designed and used next

€450

Article / Case Study

A deep-dive into the spatial designer's workflow: from first sketch to working prototype.

FORMATS: Workflow deep-dive · Tool migration · Before/after redesign · UX pattern explainer · Trend report

BEST FOR: Tool makers · Platforms · Agencies · Enterprise XR

YOU GET: An in-depth, step-by-step reference designers can easily follow, showing how your platform works in a real design setup alongside the tools they already use

€650

On-Site Event & Booth Activation

Half-day of live demos and real-time testing with attendees, turned into conference field notes

FORMATS: Booth demos · Live dispatch · Attendee reactions · Conference field notes

BEST FOR: Hardware brands · Conferences · Event organisers

YOU GET: Attendees trying your product with an XR designer guiding them, plus notes on how they used it, where they got stuck and what they asked for

ALL CONTENT WILL BE SHARED IN MY INSTAGRAM , LINKEDIN & WEBSITE

ABOUT ME

Spatial interaction designer working across XR, spatial AI and emerging interfaces. My content comes from hands-on practice: I build with products, analyse where the industry is heading, document real design work, and show it live with people. Host of #ZeroEvent by XRCrowd and public speaker.
